RESPONSE

Sir:

This Response is being submitted in view of a telephone request made by Examiner Nancy Vogel in connection with the above-identified application.

REMARKS

Examiner Nancy Vogel requested that Applicants supply another copy of the Sequence Listing in computer-readable format for the above-identified application. Apparently, the copy of the Sequence Listing in computer-readable format filed on December 20, 2002 was misplaced by the Office. A copy of the Sequence Listing in a computer-readable form was filed on March 12, 2004, but deemed to be defective.

Applications herewith submit a copy of the "Sequence Listing" in computer-readable form. The undersigned attorney submits that the enclosed copy of the Sequence Listing in computer-readable form is identical to the previously submitted paper copy of the Sequence Listing and does not involve any new matter.

If any additional fees are incurred as a result of the filing of this paper, authorization is given to charge deposit account number 23-0785.

Respectfully submitted,

By:
